

## **TUALITY HEALTHCARE EMPLOYEE BENEFITS SELECT PLUS PLAN OHSU PROVIDER DIRECTORY**

This provider listing is subject to change without notice. To be sure your doctor is a current Tuality Health Alliance (THA) / OHSU participating provider, check with THA Customer Service Department before you receive care. You and your family members have the sole right to choose a healthcare provider. Neither your employer nor THA is responsible for the quality of care a person receives, since all healthcare providers are independent contractors. Neither your employer nor THA can be held liable for any damages or injuries to you or your family members while receiving medical care.

Inclusion of a provider in this directory does not guarantee coverage. A provider's network participation can vary depending upon where he/she is providing services. Be sure to confirm the provider's network participation at the location you plan to visit. Please consult your benefit summary, plan document or member handbook to determine coverage. For information, visit [www.tuality.net](http://www.tuality.net) or [www.hrconnection.com](http://www.hrconnection.com), ID = Tuality, Password = Tuality11, or [www.payerconnection.com/tha](http://www.payerconnection.com/tha)

### **WHAT KIND OF DOCTOR DO I NEED?**

We encourage you to choose a primary care provider that will help you with your health care needs including coordinating services at specialist and ancillary provider offices. A primary care provider can be a Physician (MD or DO) or a Nurse Practitioner (FNP or ANP or PNP). Usually primary care providers are either Family Practice, Internal Medicine or Pediatrician. Sometimes a specialist will perform as a primary care provider if you have a chronic health condition and you have made arrangements with the specialist.

You do not need a referral or authorization to see your primary care provider. If the provider tells you that you need procedures or diagnostic tests, you may need a referral or authorization. Check your benefit summary to be certain or call THA Customer Service.

### **SPECIALIST CARE**

You may be required to have a referral or authorization from your primary care provider if you need specialty care. You can contact THA Customer Service Department 503-844-8104 or Toll Free (866) 575-8104 to verify the preferred status of any specialist and to determine if a referral or authorization is required. You can also check your benefit summary for medical management requirements.

If a referral or authorization is required, have your primary care provider call Innovative Care Management (ICM) at (503) 654-9447 or 800-862-3338. You should be certain that the care has been authorized before seeing the specialist.

If a referral or authorization is not required, you may select a specialist from this directory, confirm that they are currently a preferred provider and schedule an appointment at any time.

**Not all specialty care may be covered by your health plan.** For example, some health plans do not cover care from social workers or alternative health providers such as acupuncturists and others. Before you schedule an appointment, check the schedule of benefits in your plan document, or call THA Customer Service to be sure you are covered for services.

Covered services provided by a Non-Network radiologist, anesthesiologist or pathologist while hospital confined in a Network hospital or for an authorized hospitalization will be covered at the Network level of benefits.

### **IF YOU NEED HOSPITAL CARE**

You may be required to have a precertification for non-emergent hospital care. Please contact THA Customer Service Department to learn more about your hospital benefits or check your benefit summary. If precertification is required, you or your doctor must call ICM at 503-654-9447 or 800-862-3338 to obtain the necessary authorization before you are admitted to the hospital.

### **IN CASE OF AN EMERGENCY**

In the case of a life threatening emergency, whether at home or away from home, seek the most immediate care available. If you are admitted to a hospital for an emergency, you, your doctor, or the hospital may need to obtain retroactive authorization for the admission within the time specified by your benefit plan, or as soon as you are reasonably able to do so. To obtain certification, please call ICM at 503-654-9447 or 800-862-3338. Physician charges for covered emergency room visits will be covered at the preferred benefit level.

### **HOW TO FILE A CLAIM**

In most instances, THA preferred providers will file a claim for the health care services you receive. However, occasionally you may receive a bill for services. If you receive a bill, be sure your name, member ID number, group name, and group number are written on the bill. Please send the bill to THA at P.O. Box 925, Hillsboro, OR 97123. Please note, contact information for THA and ICM is located on your medical card.

## **HOSPITALS**

Certain services obtained through THC / Legacy Health Systems and OHSU may require an authorization for non-emergent admissions. You can contact THA or ICM to verify if authorization is required.

**Oregon Health & Sciences University**
